

LAHIRU DANANJAYA

Colombo | +94 773560490
dananjaya703@gmail.com

Summary

Quality Assurance Engineer with nearly 4 years of experience in manual, mobile, and web testing, including hands-on Playwright automation. Strong background in testing high-scale products across entertainment, fintech, and e-commerce domains. Skilled in designing test strategies, executing functional and regression testing, and validating complex mobile and web user journeys. Experienced in API testing, cross-device testing, and collaborating in Agile teams to improve release quality. Started a career in full-stack development, enabling deeper technical understanding and effective debugging. Focused on delivering reliable, user-centric products and continuously improving test efficiency.

Experience

Corzent EDGE Pvt. Ltd.

Quality Assurance Engineer | 11/2024 - Present

Simpology Project

- Conduct end-to-end testing for financial web and mobile applications, including Australian bank loan processing systems.
- Perform functional, regression, usability, cross-browser, and cross-device testing to ensure high-quality user experiences.
- Develop and execute test plans, test cases, and test scripts aligned with banking compliance, security standards, and regulatory requirements.
- Collaborate with Agile/Scrum teams—developers, BAs, and product managers—to detect defects early in the SDLC and improve release quality.
- Provide UAT support by validating business requirements and ensuring readiness before production deployment.
- Implement Playwright automation for E2E test scenarios, including writing, executing, and maintaining automated test scripts.

Virtusa Pvt. Ltd.

Quality Assurance Engineer | 03/2022 - 11/2024

TikTok Offshore Team - Virtusa

- Performed manual and mobile testing for TikTok Open Platform and Creator Center applications.
- Directly collaborated with USA and China stakeholder teams to align requirements and deliver high-quality releases.
- Performed mobile testing (iOS/Android), web testing, API validation, and compatibility testing.
- Led regression cycles, cross-device testing, and UI/UX validation for Creator Center and TikTok Open APIs.
- Supported release cycles with detailed bug reports and requirement clarifications.

Paycor – Virtusa

- Worked on a US-based HR & payroll SaaS platform.
- Performed database testing, data verification, and financial report validation.
- Ensured data consistency across modules and assisted with end-to-end testing of payroll flows.

Rapidventure business solutions

Full Stack Developer | 11/2020 - 04/2021

- Developed and maintained web applications using PHP, JavaScript, jQuery, AJAX, HTML, and CSS.
- Built responsive user interfaces and optimized front-end performance.
- Designed and managed MySQL databases, ensuring data accuracy and security.
- Developed and deployed mobile applications using Flutter for iOS and Android.
- Created logistics, inventory, and pharmacy management systems for real-world clients.
- Troubleshooted, debugged, and optimized backend logic for performance and scalability.

Skills

- **Software Testing & QA:** Manual Testing, Automation Testing, Functional Testing, Regression Testing, Cross-Browser Testing, Mobile Testing, UI/UX Testing, API Testing, Database Testing, Performance Testing, UAT (User Acceptance Testing)
- **Programming & Scripting Languages:** Java, Python, PHP, JavaScript, jQuery, AJAX, C, HTML, CSS
- **Mobile & Web Development:** Flutter, MySQL, MySQL Workbench, XAMPP
- **Testing & Development Tools:** Playwright, Postman, Charles Proxy, BrowserStack, Android Studio, VSCode, MySQL Workbench, XAMPP, Jira
- **Agile & Project Management:** Agile Methodologies, Scrum, Test Case Management, Bug Tracking, SDLC, STLC, Defect Reporting, CI/CD
- **Languages:** English, Sinhala.

Education

Sri Lanka Institute of Information Technology (SLIT)

Information Technology | 03/2022

BSc (Hons) in Information Technology specializing in Information Technology

Research Project

- Our final-year research paper, "Diagnostic Intervention for Mental Disorder, " was published in IEEE Xplore after being presented at the 6th International Conference on Information Technology Research 2021 (ICITR). Published in [IEEE Xplore](#)

Certificates

- ISTQB Certified Tester Mobile Application Testing (CT-MAT; Specialist)
- Foundation level certificate in Software Testing (ISTQB)
- AWS Developer – Associate (DVA-C01) Certification Preparation.
- AWS Cloud Practitioner (CLF-C01) Certification Preparation for AWS.

Achievements

- IntelIHack 2.0 Machine learning competition 2nd runners-up - University of Colombo
- Research Publication - Diagnostic intervention for mental disorders - University of Moratuwa | ICITR 2021
- Brainstorm 2021 Biomedical Engineering Competition – Semi-Final - University of Moratuwa

Soft Skills

- Strong problem-solving and debugging abilities
- Detail-oriented with a focus on code quality
- Excellent communication and teamwork skills
- Adaptable and quick to learn new technologies
- Time management and ability to meet tight deadlines
- Passionate about continuous improvement and clean architecture
